XIV International Economic History Congress

Helsinki, Finland, 21 to 25 August 2006
The emblem of the congress, an old pine tree, decorated the front side of Finnish coins during the years 1952–1990. The tree was designed by the head of the Finnish Mint at that time, P. U. Helle.
WORDS OF WELCOME

The International Economic History Association (IEHA) and the local organising institutions warmly welcome you to Helsinki as participants in the XIV International Economic History Congress, 21–25 August 2006.

The local organising institutions are the Department of Social Science History and the Department of History at the University of Helsinki, in collaboration with the Finnish Economic History Association.

Following the first and second calls for proposals, the Executive Committee of the IEHA has approved 126 sessions for inclusion in the academic programme of the congress. They cover periods from antiquity to the present day, and a variety of regions around the world.

The organisers sincerely hope that this event will be an inspiring and rewarding occasion on which to discuss recent scientific research and development, and that it will provide a forum for meeting colleagues and friends from around the world. It will bring more than 1400 participants from over 70 countries to Helsinki, and we hope that you will all take the opportunity to become acquainted with the capital of Finland and its surroundings during the week.

The local organising committee would like to thank the Finnish public institutions, foundations and companies whose generosity has made this event possible. We would also like to express our gratitude to the administrative staff of the congress and the Executive Committee of the IEHA for their assistance during the preparation stages.

The International Economic History Congress is held at three locations in the City Centre Campus of the University of Helsinki: the Metsätalo/Forsthuset building, the Topelia building and the University Main Building, all situated along Unioninkatu.

The Metsätalo building (main entrance at Unioninkatu 40 B) is the centre of activities during the congress week. The registration and information desk and the congress office are located there. Unicafe on the basement level of the building serves coffee during the session breaks. The book and journal exhibition is in the third-floor hallway.

The University Main Building has two main entrances, one from the Fabianinkatu side (the new part of the building) and one from the Unioninkatu (Senate Square) side (the old part). The opening session, the university reception and the closing session are held on the second floor of the Main Building on the Unioninkatu side. The session rooms are on the third and fourth floors: Auditoria (e.g., Aud XII) refer to rooms in the old part, whereas those in the new part are referred to simply as Rooms 1 to 14 (e.g., Room 8). Coffee is served on the second and fourth floors during the session breaks. The Unicafe restaurant is located on the first (ground) floor of the building.

Fringe meetings and a few sessions are held in the A and F buildings of the Topelia quarter (entrance through Unioninkatu 38). The Gustus & Vera’s open-air restaurant and café area is situated in the inner courtyard.

Smoking Policy
Participants wishing to smoke are kindly requested not to do so inside: all University of Helsinki buildings are non-smoking environments.
BOOK AND JOURNAL EXHIBITION

The book exhibition is located at the Metsätalo building (Unioninkatu 40, 3rd floor), and is open from Monday 21 August to Friday 25 August during congress opening times.
