

**EXPERIENCING THE JOY OF
MATHEMATICS AND NATURAL SCIENCES**

LUMA FUND

CHILDREN AND YOUTH ARE THE FUTURE

Our aim is to get children and youth inspired by LUMA subjects and technology. LUMA is an abbreviation from the Finnish words “luonnontieteet”, i.e. natural sciences, and “matematiikka”, mathematics. We established LUMA Fund in order to motivate children and youth into studying these subjects and find the joy of LUMA on their spare time as well. However, extra funding is needed for the development and expanding of LUMA activities, and for research linked to it both in Finland and internationally. LUMA Fund is part of the Mathematics and Science Fund of the University of Helsinki.

A DONATION TO LUMA FUND MAKES POSSIBLE, FOR EXAMPLE:

SCIENCE CLUBS FOR CHILDREN

By donating 50 euro, you will pay for a six-week science club for one child. The clubs motivate and activate children into natural sciences, mathematics, computer sciences and technology.

SCIENCE CAMPS FOR CHILDREN AND YOUTH

By donating 100 euro, you will provide one child or youth with an opportunity to take part in five-day science camp that offers exciting experiences in an authentic research atmosphere.

LUMA RESEARCH

The development of LUMA activities is based on the latest research. We need smaller and larger donations to fund new educational innovations and support young researchers.

NEW LEARNING ENVIRONMENTS

LUMA Centre is a pioneer in the development of new and inspiring learning environments. Examples of successful and motivating learning environments include: mathematics class Origo, physics laboratory F2K, ChemistryLab Gadolin and ICT class Linkki, and virtual environments: Jippo, Kreativ, Luova, and MyScience. The increase of the activities and better utilization of modern technology require continuous development. For this, we need smaller and larger donations.

For more information on the possibilities for donations, visit www.helsinki.fi/insight/luma.

THE LACK OF PROFESSIONALS IN THE FIELDS OF MATHEMATICS AND NATURAL SCIENCES IS A GLOBAL CHALLENGE.

HOW TO DONATE?

The quick and easy way is to make an online donation. Make your donation via online banking at www.helsinki.fi/insight/lahjoittaminen. After filling out your personal information, choose LUMA Fund as the target of your donation. Please also specify which activity you wish to support in the message field.

You can also transfer your donation to bank account: The University of Helsinki Funds, Nordea 157230-30072, IBAN = FI32 1572 3000 0300 72, BIC = NDEAFIHH. Please write LUMA Fund / which activity you wish to support, and the name, address, phone number and e-mail of the donor in the message field.

THE UNIVERSITY OF HELSINKI FUNDS IS RELIABLE TARGET FOR DONATIONS FOR SCIENCE

Everyone, who has donated 1,000 euro or more will be invited to join the University of Helsinki Donor club, Kirahviklubi!

The University of Helsinki is extremely grateful to all donors!
