

Personal details

Name: Jaakko Sakari Salonen
E-mail: sakari.salonen@helsinki.fi
Home page: www.helsinki.fi/~ssalonen

Profile

I am a geologist and research scientist specialized in paleoclimatology, the study of Earth's past climate changes. I am also an active science communicator and popular-science writer.

Degrees and titles

- 2017 Docent in Paleoclimatology, University of Helsinki
2012 PhD in Geology, University of Helsinki
Grade: *Pass with Distinction*; Minor in statistics (33 ECTS credits).
2006 MSc in Geology and Palaeontology, University of Helsinki
Grade: *Eximia cum laude approbatur*; Minors in computer science (74 cr) and physics (29 cr)
Other studies: 2017–2022, University pedagogy, University of Helsinki (15 cr)

Current employment

- 9/2020– Academy of Finland Research Fellow, University of Helsinki,
Department of Geosciences and Geography

Past employment

- 3/2014–8/2020 Post-doctoral researcher, University of Helsinki, Department of
Geosciences and Geography
Included a 12-month research visit to Université de Bordeaux (France)
1/2013–12/2019 Editorial secretary, Geological Society of Finland (part-time)
1–6, 9–11/2013 Post-doctoral researcher, Stockholm University (Sweden),
Department of Physical Geography and Quaternary Geology
9/2007–1/2012 Project scientist and PhD student, University of Helsinki, Department
of Geosciences and Geography
6/2006–9/2006 Intern, Geological Survey of Finland, Marine Geology Group
1997–2007 Various jobs during studies (part-time)

Skills

Computing: R, QGIS, ArcGIS (excellent); HTML, Python, Java, SQL (basic)
Analytical techniques: Micropaleontology, statistics, machine learning
Languages: Finnish (native), English (fluent), Swedish (intermediate), German (basic)

Publications

40 peer-reviewed papers (*h*-index 23); numerous popular-scientific publications
(For a full list of publications, see Appendix: next page)

APPENDIX: LIST OF AWARDS, PUBLICATIONS AND ACTIVITIES

Grants

2023: Formas (Sweden), 3-year project funding (co-applicant) (260,000 €)
Project “Resolving the Euro-Atlantic Temperature Conundrum of Rapid Deglaciation“, lead by Frederik Schenk

2020: Formas (Sweden) 3-year project funding (co-applicant) (270,000 €)
Project “Palaeoclimatic perspective on the latest European heat waves”, lead by Frederik Schenk

2020: Academy of Finland, 5-year Academy Research Fellow funding (1,100,000 €)
Project “Climate shocks: exploring abrupt events in the palaeoclimate record“

2017: Academy of Finland, 3-year Postdoctoral Researcher funding (345,000 €)
Project “Patterns, drivers, and abrupt change during warm interglacial climates“

2014: Finnish Cultural Foundation, 12-month post-doctoral grant (26,000 €)
Project “Reconstruction of the last glacial-interglacial cycle in Fennoscandia“

Minor grants: 2021, Finnish Society of Sciences and Letters, grant for research costs; 2021, Arctic Avenue spearhead project, grant for research costs (co-applicant); 2011, University of Helsinki, 3-month grant for doctoral work

Awards

2022: Lauri Jäntti Prize (20,000 €)

A literature prize awarded annually to the best nonfiction book published in Finland

Publications

Research papers (peer-reviewed)

Pearce EA, Mazier F, Normand S, Fyfe R, Andrieu V, Bakels C, Balwierz Z, Bińka K, Boreham S, Borisova OK, Brostrom A, de Beaulieu J-L, Gao C, González-Sampériz P, Granoszewski W, Hrynowiecka A, Kolaczek P, Kuneš P, Magri D, Malkiewicz M, Mighall T, Milner AM, Möller P, Nita M, Noryskiewicz B, Pidek IA, Reille M, Robertsson A-M, **Salonen JS**, Schläfli P, Schokker J, Scussolini P, Šeirienė V, Strahl J, Urban B, Winter H, Svenning J-C (2023) Substantial light woodland and open vegetation characterised the temperate forest biome before *Homo sapiens*. *Science Advances* 9:eadi9135.

Harrison SP, and 80 others including **Salonen S** (2022) The Reading Palaeofire database: an expanded global resource to document changes in fire regimes from sedimentary charcoal records. *Earth System Science Data* 14:1109–1124.

Katrantsiotis C, Noström E, Smittenberg RH, **Salonen JS**, Pliik A, Helmens K (2021) Seasonal variability in temperature trends and atmospheric circulation systems during the Eemian (Last Interglacial) based on n-alkanes hydrogen isotopes from Northern Finland. *Quaternary Science Reviews* 273:107250.

Blogs

"Syvä aika" ("Deep time", in Finnish), 2018–2019. <http://www.muutoslehti.fi/blogi/syva-aika/>

Miscellaneous activities

Scientific conferences

Author in 60+ presentations in scientific conferences

Consultations and advisory

2021: Zoan Helsinki, Scientific advisor to video art project about ice age environments

2020–2021: Scientific advisor to art project "To Burn, Forest, Fire" by Katie Paterson, commissioned by IHME Helsinki.

2017: Scientific advisor to a television documentary (YLE, Avara luonto, "Meri joka katosi").

Supervised students

2022–: Meri Mäkelä, PhD, University of Helsinki (co-supervisor)

2021–: Liva Trasūne, PhD, University of Helsinki (main supervisor)

2020–: Supervision of multiple BSc theses, University of Helsinki

Associations

2022–: Association of Finnish Nonfiction Writers (member)

2012–: Skepsis, the Finnish association of sceptics (member)

2005–: Geological Society of Finland (member; editorial secretary in 2013–2019)
