THESIS COMMITTEE MEMBERS

I commit to work as the above mentioned applicant's thesis committee member as well as confirm that I am familiar with his/her application and its appendices. I am aware of the duties of the thesis committee (follow-up group) as set-up on the webpages of the Doctoral School in Health Sciences: https://guide.student.helsinki.fi/en/article/thesis-committees

In ILS and Brain&Mind, thesis committee is not obligatory at the application stage, but it has to be formed and the first meeting arranged within the first semester after being accepted. When the thesis committee members have agreed to serve on the committee, inform the doctoral programme by filling out the Nomination of Thesis Committee Members e-form. Committee members are accepted in the board meeting and the student is informed about the decision.
