

## 3rd International Vlasiator Science Hackathon

19-23 August 2019, Exactum and Physicum buildings, Kumpula Campus

Welcome to our 3<sup>rd</sup> hackathon! Science hackathon is a workshop with a very tight schedule rules - but on the other hand it is very much fun, and extremely fruitful. The concept is based on a lot of reading about psychology and brain health, and the schedule is tailored with those in mind!
