## *Learning, brain and technology*

### UPCOMING EVENTS

#### **CROSSCUT-project travels to Oulu**

May 2, 2019

Crosscut-project organizes a workshop together with the City of Oulu for secondary school teachers interested in cross-curricular teaching and learning. Teachers around Oulu area, welcome! More info (in Finnish) available [here](#).

#### **JoLII 2019 Conference – Equity and Quality of Learning in a Global Digital World**

August 21 - 23, 2019

The Sino-Finnish Joint Learning Innovation Institute (JoLII) Conference Rovaniemi, Finland

This summer **JoLII** welcomes all researchers, teachers and companies to participate the conference in Rovaniemi. The conference will focus on global challenges of education and how China and Finland can work together for finding solutions for burning issues in education in both countries and also globally. Come and share your work and interest for the future education!

#### **Helsinki Summer School in August 2019**

Cicero Learning is taking part in organizing the Helsinki Summer School with two courses.

**"Cognition, Communication and the Brain"** The course strives to teach the students how human behaviour and activity can be measured at both behavioural and neural levels. Especially, the course focuses on interdisciplinary approaches in studying cognitive sciences, speech sciences, and neuropsychology, using the most prominent methods in cognitive neurosciences and behavioural sciences. Enrolment is open until 19th of July: <https://www.helsinki.fi/en/admissions/helsinki-summer-school/courses/cognition-communication-and-the-brain>

The **"21st-century Digital Storytelling: The new media, technology and frames of reality"** The course welcomes Master's and Doctoral students from education, the social sciences, and media and cultural studies interested in integrating a discursive narrative approach into research, study and work. The course takes an expanded view of digital storytelling as a space of intertextuality where multiple voices connect with technologies to pass a message through deliberation and documentation. For information and registration, see:
