**Spotlighters:** An EU-funded, multinational project that aims to inform educators and students of the potential long-term effects of stress and provides them with the competences to reduce these potential complications from arising.

Recently, in collaboration with CICERO Learning, Spotlighters organized an Online Event in Helsinki (in Finnish) where neuroscientific perspectives on stress were introduced. The event shared scientific results and practical experiences on how to practice stress management at schools. The symposium featured presentations by:

- Minna Huotilainen, professor of educational sciences, University of Helsinki;
- Mads Lynge Clauson-Kaas, a 10th grade teacher from Hillerød 10 Klassesskolen;
- Juhana Kokkonen, lecturer at Helsinki Metropolia University of Applied Science.
