Studies

The University of Helsinki has the widest range of disciplines in Finland with 11 faculties and around 37 Bachelor’s degree programmes and 56 Master’s degree programmes. Information on courses suitable for exchange students: [https://guide.student.helsinki.fi/en/article/course-selection](https://guide.student.helsinki.fi/en/article/course-selection). Course lists for the academic year 2020 – 2021 will be published in late March/April 2020.

University level bilateral exchange students are required to choose the majority of their courses from one faculty, closest to their educational background. Exchange students need to have sufficient prior academic background in the disciplines taught at the receiving Faculty. Within one faculty, they can choose courses from several study programmes. One of the study programmes will be chosen as the host study programme for the student. Students are welcome to choose some courses from other faculties, as well, if they meet the requirements for the courses. Please note that some faculties/study programmes offer courses in English mainly on Master’s level (suitable for advanced Bachelor students as well): Agriculture and Forestry, Pharmacy, Biological and Environmental Sciences, Geography, Translational Medicine. Fields not offered at the University of Helsinki: business and engineering.

Restrictions: Courses from the following degree programmes are only available to the degree programme’s own exchange students, who are majoring in the same academic field at their home university:

Please note that courses teaching English language are not open for exchange students.

There are Finnish courses available for those exchange students wanting to learn Finnish. The course includes 4 hours of teaching each week. For more, please see [https://guide.student.helsinki.fi/en/article/finnish-international-students](https://guide.student.helsinki.fi/en/article/finnish-international-students). Students are not required to participate in Finnish courses, but may do so if they wish.

The Courses in English website includes courses of various levels. Some courses require previous studies in the discipline in question. The following terminology will help the students to find out if the courses are suitable for them:
| **Basic studies** (or “perusopinnot” in Finnish): Bachelor’s level courses, do not usually require previous studies from the student  
| **Subject studies or Intermediate studies** (or “aineopinnot” in Finnish): Bachelor’s level courses, intermediate level, require some previous studies from the student, mainly for 2nd or 3rd year students of the subject  
| **Advanced studies** (or “syventävät opinnot” in Finnish): Master’s level courses, for students who have completed a Bachelor’s degree or have equivalent level  |

**Workload**  
Students should aim to complete 30 ECTS credits per semester. One ECTS credit equals 27 hours of work, including both lectures and homework. A full year of 60 ECTS credits corresponds to a workload of 1600 hours. Course descriptions may use terms “cr” or “ECTS cr” or “op”. They all mean the same thing, ECTS credits.

Apartments are located around Helsinki. Students should choose their housing option based on their budget and their wishes. Exchange students submit their housing application as a part of their exchange application. Their information will be forwarded to housing providers. Each exchange student will receive one housing offer.
Mandatory fees prior to arrival: room deposit: €500 (subject to change) to be paid to the housing provider according to their instructions. Students should be prepared to pay the deposit when they receive instructions from the housing provider. This can be several months prior to arrival.

**Information for accepted students**

**Residence permit**

- Students who are non-EU nationals need to apply for a Residence permit according to the instructions provided by Finnish Immigration Service [http://migri.fi/en/studying-in-finland](http://migri.fi/en/studying-in-finland). Information regarding applying for a Residence permit is also available at the closest Consulate of Finland.
- University of Helsinki recommends that students submit their application electronically, because it makes the application process faster. Students are advised to apply immediately after receiving their Acceptance Letter from the University of Helsinki.
- Even if the student has submitted the Residence permit application electronically, he/she needs to visit the Finnish consulate in person to verify his/her identity and to present the original copies of any supplements needed for the application. Because of the above, students should apply for a Residence permit immediately after receiving acceptance information from the Univ. of Helsinki.
- Please note that cost for the online residence permit is **300 euros** (subject to change)

**Health insurance**

- Students who are non-EU nationals need to seek comprehensive health insurance prior to applying for a Residence permit. University of Helsinki does not provide health care services for exchange students. For more, please see [http://migri.fi/en/insurance](http://migri.fi/en/insurance)

**Student union membership**

- Student Union membership fee for exchange students is ca 52 euros for autumn semester 2020 and it includes right to use the services of Finnish Student Health Service, which is open Mon-Fri: [http://www.yths.fi/en/internationalstudents](http://www.yths.fi/en/internationalstudents). There will be changes starting in January 2021 and most likely exchange students are not able to use student health services anymore.

**Cost of living**

**Course enrolment**

- Students need to have their University of Helsinki computer user ID to register for courses in the WebOodi system, [http://www.helsinki.fi/weboodi](http://www.helsinki.fi/weboodi). Students receive the computer user ID when they arrive in Finland. Course registration happens after arrival.
- After course information for the following academic year is published, there may be some changes, so the Learning agreement is only a preliminary plan. Students are advised to check the list of courses offered during their exchange year again before they arrive.

**Grading system**

- The University of Helsinki uses a six-level grading scale from 0 to 5.
  - 5 = excellent or A
  - 4 = very good or B
| 3 = good or C  
| 2 = satisfactory or D  
| 1 = passable or E  
| 0 = fail or F or FX  
| In addition to applying this grading scale, a pass/fail grade may be used when grading certain courses, e.g. ones containing practical training or practical skills. Please note it is not possible to receive a numeric grade for these courses.
